

Odgers Berndtson US Newsletter

April 2022

Events | 2022 Leadership Meeting

The team gathered the first week of April for the OBUS 2022 Leadership Meeting. The three-day event in Lake Lanier, Georgia, brought folks together for the first time in two years to discuss the firm's strategy, review company-wide values, and learn more about our products and services. *(Photos at end of newsletter)*

Employee Highlight

My name is Jim Thompson and I've been with Odgers for just over six years. I'm located in Houston.

An interesting fact about me: I once set aside my career in industry to buy, refurbish and run a bed and breakfast in a French chateau. It was a grand adventure!
